Susan,

I wanted to thank you for your donation of artwork to our Women's Cancer Center. The pieces are absolutely beautiful and we are so appreciative.

It was great to meet both you and your husband last week and tour you through some of the new Cancer Research Pavilion and Women's Cancer Center.

We have hung two pieces already in the exact places that we showed you when you were here.

I have attached two pictures of them with some of the front desk staff and diagnostic imaging staff.

Many patients and staff have already commented on how lovely they are and how they have enhanced our front desk.

Thank you again!
